

# Girl + Tag + Bathing Suit + Pool = Pleasure

Charlotte Frasca of 45 Milwood lane makes her way into the Magnolia Park Pool to "cool off" during the warm weather of August days. With school out for the summer, teenagers have a lot of free time to meet at the Levittown pools and swim to their hearts content.

Charlotte finds she has an admiring audience while she dons a bathing cap to keep that hair pretty for the after swim hours. Most teenage girls find it's as important to be neat and attractive wherever they go. (Courier and Times photos.)

Toe-dipping Charlotte hesitates to take that plunge, despite the encouragement of the photographer. The clear colored water loses its appeal with the first touch.

## Today's Weather

Partly cloudy, warm and humid today with scattered showers and thundershowers ending early tonight. High 85 to 90. Mostly fair and not as warm tonight with low 65 to 70. Tomorrow fair and rather warm with lower humidity and high 80 to 85.

## Twp. Schools Expect Rise Of 400 Pupils

Class Sizes Upped To Absorb Increase Over Last Year

Enrollment in Bristol Township Elementary schools will be slightly over 5,000 this year, an increase of 400, it was reported at last night's meeting of the school board.

To handle the enrollment the township will have 149 classrooms (Continued on Page 3, Col. 2)

## Good Evening!

It won't be long now.

That two-week convention spree, we mean, starting Monday in Chicago and finally winding up in San Francisco.

Already we hate to think of all of the unadulterated political hog-kum we'll be hearing, seeing and reading—all dressed up in bright, varnished high-purpose oratory.

But that's politics and that's America, and you've just got to love it all.

And we see where the old champ, Harry Truman, is back at the political wars, and chipper as a cricket. The guy will be bossing the big Democratic circus before it is over.

The GOPer afterpiece is going to be a mighty dull affair unless somebody starts giving it a stiff hypo of some kind. As a matter of fact, why not just call it off? Ike's nominated, Nixon's in. They can make all of their speeches from Gettysburg.

Weather warming up again. Hey, this is what we should have been having in July!

But take it easy. Soon the gol-denrod will be you know what.

Phillies lose one after six straight, but no harm done. This is their time of year.

And Mickey Mantle wallop his 39th. Well sir, we'd like to see the man do it, but that last 22 will be mighty tough. Especially the last two.

With the new wide screens, most of the current crop of movies are just twice as bad.

Free speech is a very good thing, but too much of it isn't worth listening to.

Thirty is a nice age for the girls—any time they get beyond it.

Watch your driving.

## Nothing Else Is Needed

Perfect weather and perfect reading are due for the weekend in Lower Bucks County.

The weatherman says the weather will be perfect. And the Courier and Times will see to the reading part of the prediction.

Your weekend edition will have, as every day, the latest news at home and around the world. Then there will be features, a picture page, and everything needed for a weekend paper to fit weekend living.

Teams from the Bucks County registration office will begin a month-long tour of the county Monday, to enroll voters for the November 6 national and state elections.

The tour will start in upper Bucks County, with the traveling registrars sitting in Bedminster, Buckingham and Wrightstown townships.

Hulmeville

Tuesday there will be stops at the William Penn Fire House, Hulmeville, and in Chalfont, Bridgetown township and Upper Black Eddy.

Registration hours will be 2 to 9 p.m. in each community.

Other local registration days next week will be: Wednesday, in Lower Southampton township, Church of the Assumption, Bristol road and Meadowbrook avenue; Thursday, Lower Makefield township, the community house, Woodlawn.

(Continued on Page 3, Col. 3)

## Fair Weather Is On Way

For those who could survive today's heat and humidity, the weather bureau has predicted a fair and pleasant weekend.

The heat and humidity yesterday, which followed a period of rain and cool weather, sent hundreds of Lower Bucks Countians plunging and diving into local swimming pools. It was 90 degrees at 4:30 p.m.

Partly cloudy, warm and humid weather with scattered showers was on today's forecast to repeat yesterday's 90 degrees and cool to 68 tonight. Tomorrow and Sunday, the Bureau said, will be generally fair, cooler and less humid.

She has been contacted by 50 "interesting" prospects, one from as far away as Finland, whom she says, she would like to meet.

## Husband Ad Lines Up 50 Prospects

HOUSTON, Tex. UP — Vida Hutto, who wanted a husband so badly she advertised for one in a newspaper, said today she has also lost eight pounds in addition to her job. But things aren't all bad according to the pretty, brown-eyed, 22-year-old stenographer.

It is along the Delaware river, above the Calhoun Street bridge.

The planning commission must approve the plan of the Brooklyn man before Morrisville acts on the annexation.

(Continued on Page 3, Col. 3)

A new plan to distribute about \$6,000,000 in insurance policies for Bristol township schools was attacked last night by three Democratic members of the school board.

At last night's meeting the board, by a four-to-three vote, decided to let its solicitor, John P. Betz, place 35 per cent of the policies. The other 65 per cent will be placed by a three-man committee of school directors.

The Democrats protested both Betz' share of insurance and the distribution of the rest by a committee. They felt the full board should have charge of issuing policies.

Formerly Betz placed about 80 per cent of the insurance policies. Benjamin F. Stockett, a Democrat, who charged this was unethical, estimated that the attorney had made about \$9000 a year in commissions.

Still Protests

The system was changed under protest from the Democrats. But Stockett said "I feel it is unethical or illegal for the board to delegate these powers to a committee."

## Suez Talks On; Egypt To Boycott, Russia Intervenes

LONDON — UP — The West will go ahead with next week's conference of internationalizing the Suez Canal despite Soviet objections and an apparent Egyptian boycott, official British sources said today.

Prime Minister Sir Anthony Eden and Foreign Secretary Selwyn Lloyd conferred today on the Soviet "acceptance" which some British sources said was an effort to turn the 24-nation conference into a "three ring international circus."

Eden was in constant contact with Washington and Paris on the Kremlin's reply to the Western invitation and the Soviet suggestions for postponing the conference, moving it to Cairo and enlarging it to include Communist countries and the Arab world.

To Boycott Session

Although Egypt has not replied to the Western invitation, there was little doubt Egyptian President Gamal Abdel Nasser would boycott the session and let the Soviet and Indian representatives in London state his case.

Informed sources in Cairo said he was postponing a trip to Moscow to remain in Egypt during the conference "in order to be in complete control of any developments." Egyptian diplomatic sources in Moscow said earlier

he would be visiting the Kremlin next week.

No official British reply to Russia was expected until Eden consults his allies. But official sources said Britain was firmly determined to go ahead with the original conference on the specific topic of placing the Suez under international control.

British diplomats studied the 18-page Soviet note of "acceptance" all night and said it was so vaguely worded they weren't sure what it meant. Russia said it would send a representative, but the Kremlin attached a whole series of reservations and counter-proposals.

The West was thrown into confusion by Moscow's assertion it

Rescue Squad during the hard-to-fight fire for inhaling phosphorus fumes.

Ditizio's eye was treated by hospital personnel. Rescue squad officials reported the injured eye must remain bandaged for a considerable period of time.

Fire Fighters

The fire flared in a tractor-trailer truck carrying a form of phosphorus, which was operated by Robert Lawson of Philadelphia.

"I've been carrying this stuff for 20 years and nothing like it ever happened before," said Lawson. The driver was on his way to Carteret, N. J., from Philadelphia.

The sputtering, smoking fire, believed to have been started by high temperatures, was quelled by fire-fighters of the Trevose and Feasterville fire companies, who were assisted by Trevose Heights rescue workers and State Highway crews.

Lawson was told of the blaze by passing motorists who shouted, "Your truck's on fire!" The driver was in the vicinity of six service stations and feared the result

## Long-Range Government Study Advised

A long-range study of Lower Bucks county government consolidation possibilities might prove beneficial for the future, Allan Olsen, executive secretary of the Lower Bucks County Branch of the Pennsylvania Economy League, told the Bristol Rotary club at its regular luncheon meeting yesterday.

Consolidation of some of our government units, or at least a plan for working together on common problems, might mean considerable savings in tax revenue, he said.

### Higher Cost

"The cost of government here is certain to go up," Mr. Olsen observed. In fact, he said, it is already going up. And this applies not only to government, but to schools as well.

He cited as an example the fact that six years ago there were only two organized police departments in Lower Bucks — Bristol and Morrisville — with probably a total of 30 men. Now there are ten or more departments with a total of between 140 and 150 men.

He also suggested that considerable attention be given educational costs. He discussed one instance where a school district is building a 20-room structure at a cost of \$840,000 when actually, the cost should be no greater than \$600,000.

### Research Staff Aids

Mr. Olsen told of the Economy League's role in assisting governmental and educational units with its well trained research staff at no cost to the units or taxpayers. The league is supported solely by private contributions and its only purpose is to help government units to provide the best possible services for money expended.

The speaker was introduced by Rotary Past President W. B. McClellan. President Gene Nichols presided over the meeting.

## 400 Increase

(Continued from Page One) in 10 school buildings. This is one more room than last year.

The board will discontinue use of the three rooms of the Laurel Bend school and two cellar rooms in the Old Edgely building. But they will pick up six rooms in the Benjamin Franklin junior high school, for elementary classes.

Robert Krebs, supervisor of elementary education, said the increased enrollment was absorbed by increasing the size of the classes.

He explained that the average class will have 33 pupils as compared to 30 last year. There will be at least one class with 41 pupils in the Maple Shade school, according to an enrollment and classroom schedule presented to the school board last night.

But Walter D. Miller, superintendent of schools, said they were delighted that the industry is coming. They disclosed that representatives of the wheel firm consulted them three weeks ago on the tax structure, school situation and availability of manpower in Falls Township.

### Looked For Year

They said they were informed the company has scouted the area for a year, making inquiries all over Lower Bucks County and in nearby New Jersey areas.

Robert Erwin, township building officer, was appointed by the supervisors as industrial coordinator, to assist the firm in problems it might have in locating and building here.

## Registration

(Continued from Page One) side. Friday, the Langhorne Fire House.

Eligible to register are persons who have moved from one voting district to another, those becoming 21 years old, women who have changed their names through marriage and voters whose names have been removed from the rolls for not voting in the past two years.

Change of party cannot be made between the primary and general elections, but the Democratic and Republican organizations of Bucks County have both announced concerted drives to enroll new voters in their ranks.

Of Bucks County's 94,126 voters, 57,379 are registered Republicans and 33,817 Democrats. Registered party are 2,500, while 420 belong to other parties.

## Building Code Charges Filed

Bristol Township building Inspector Howard J. Robinson has filed charges of violation of the building code against a Philadelphia electrician.

The electrician, John Bronson, was installing new wiring in Bristol Terrace I, for the Public Housing Administration.

Robinson learned that he had started work without first obtaining a permit and last Friday ordered Bronson to stop work.

AD RAISES EYEBROWS RALEIGH, N.C. UP — The following notice appeared Thursday in the personal columns of Raleigh newspapers: "Shorty: got plenty of charcoal. Bought six auto radiators, tubing. Sugar credit and transportation arranged for Sept. 7 to 9 p.m. Funeral will be held from the Mortuary Monday at 10 a.m. conducted by Rev. Charles E. Fair, of the Christ Lutheran church, Levittown."

Friends will be received at the Beck Mortuary, Newportville Fallsington road, Sunday from 7 to 9 p.m. Funeral will be held from the Mortuary Monday at 10 a.m. conducted by Rev. Charles E. Fair, of the Christ Lutheran church, Levittown.

## Seeing Levittown

By LYDIA BOGANE

Mrs. Clyde F. Brown, 46 Silver Birch lane, has been named to succeed Mrs. Fred Watts as head of the Community Affairs Department of the Bucks County Federation of Women's clubs. Mrs. Watts resigned the post to become manager of the Pennsbury Inn.

The Falls Township Supervisors meeting on Tuesday evidently delighted those who like to see a good fight at the sessions. After the verbal battle between Supervisor Milton Berkes and Republican Leader Mike Dorak, a loyal and old time attendee at the meetings was heard to say with delight: "This is the hottest meeting we've had in 23 years!"

Our vacationing city editor, Sandy Oppenheimer, sent us a picture post card of a beautiful swimming pool, with the usual "having a wonderful time" phrase. A quick glance shows the card has a Levittown, Pa., post mark and the pool is one of Levitt's finest. Sandy's vacationing in a lawn chair at 24 Border Rock road where newspapers are forthcoming for about two weeks.

Harry Harkavy of Miami Beach, whose team was edged out of the national bridge tournament championship last night in New York, is the bridge-playing brother of Ruth Lotto, 35 Fawn lane, Levittown. Ruth was on pins and needles this morning waiting to learn of the outcome of the final game, until she phoned New York.

When Bristol Township School officials chose James Buchanan as the namesake of the new elementary school planned for the Kenwood and Junewood sections of Levittown, there was a quick run to reference books. They remembered he was the only president of the United States to come from Pennsylvania, but were stymied on other background facts. Fortunately, the group happened to meet in the Delhaas Library.

The cutest baby boy and girl will be crowned "Master and Miss Papoose of Indian Creek."

Other prizes will be given for the prettiest, funniest, and most original float in the contest. In these categories, the floats may carry one or more children.

All Levittown parents interested in entering their children may register at the Indian Creek Pool where gate guards have information.

The registrations must be turned in by Aug. 16.

In the event of rain, the contest will be held Aug. 26.

Arrangements are being made by Jon Courtney, pool captain, and life guards, Dorothy Robacker, Diane Knutson, and Ken O'Brien.

Research Staff Aids

Mr. Olsen told of the Economy League's role in assisting governmental and educational units with its well trained research staff at no cost to the units or taxpayers. The league is supported solely by private contributions and its only purpose is to help government units to provide the best possible services for money expended.

The speaker was introduced by Rotary Past President W. B. McClellan. President Gene Nichols presided over the meeting.

## Faith Healer Visit Planned

Mr. and Mrs. A. J. Koch, of 2306 Railroad avenue, Cornwells Heights, have started a movement to have Rev. Oral Roberts, the faith healer, visit this area.

Mr. and Mrs. Koch attended the faith healing services conducted by the Rev. Roberts in July at Pittston, Pa. More than 10,000 were present at each meeting.

Mr. and Mrs. Koch were prompted to start the movement when friends, and interested persons indicated a strong interest in having the Rev. Roberts come to this area for services.

## Obituary

### MRS. CARRIE COAR

Mrs. Carrie Coar, wife of late Joseph D. Coar, who resided at the home of Mrs. Frederick Lasper, 23 Narcissus lane, Levittown, died yesterday at the Lower Bucks County hospital, after a lengthy illness.

She is survived by one daughter, Mrs. Samuel Chewning, Chalfont, Pa.; seven grandchildren; 13 great grandchildren.

Services will be held on Monday at 11 a.m. from Molden's Funeral Chapel, 133 Otter street, Bristol. Interment Bristol Cemetery. Friends may call Sunday evening 7 to 9 p.m.

### MRS. FRANK LEO

Mrs. Leona Anna Leo, 34 Summer lane, Levittown, died Wednesday at the Lower Bucks County hospital.

She was born in Minneapolis, Minn., July 6, 1906. She has been a resident of Levittown for the past four years.

She is survived by her husband, Frank E. Leo; two daughters, Mrs. Clarke A. Loth, Levittown; Miss Joanne Leo, at home; three sons, Jack O., Levittown, Edward H., Levittown, Arthur G., who is in the US Air Force serving in Guam; seven grandchildren; two sisters, Mrs. Nicholas Simonich, Levittown and Mrs. Edward Dunham, Kanankie, Ill.; four brothers, Ray, Barney, Roland Holmquist, Minneapolis, Minn., and Glenn of Los Angeles, Calif.

She was a member of the Levittown Women's Bowling league. She served as the first hostess in Levittown for the Welcome Wagon.

Friends will be received at the Beck Mortuary, Newportville Fallsington road, Sunday from 7 to 9 p.m. Funeral will be held from the Mortuary Monday at 10 a.m. conducted by Rev. Charles E. Fair, of the Christ Lutheran church, Levittown.

RALEIGH, N.C. UP — The following notice appeared Thursday in the personal columns of Raleigh newspapers: "Shorty: got plenty of charcoal. Bought six auto radiators, tubing. # Truman Is Seen Giving Nod To Adlai Stevenson

## On Hand for Convention

Democratic presidential aspirant Adlai E. Stevenson (center) had some difficulty keeping up with former President Harry S. Truman (left) after he met Mr. Truman at the station in Chicago. Stevenson had to squeeze slowly through the crowd of newsmen as the ex-President moved down the train platform.

## Humphrey Regrets '52 Ouster Move

CHICAGO — UP — One of the swashbuckling crew who four years ago tried to thumb Southern conservatives out of the Democratic party now wishes he hadn't.

He is Sen. Hubert H. Humphrey of Minnesota, a small, smart man, who has a pretty good chance to be nominated for vice president of the United States.

Humphrey's pretty good chance would be considerably better today but for his record of left wing Democratic activity which was a successful operation at the start and a political bust in the windup. Insofar as it has political significance, the record began mid-way in the 1948 Democratic National convention.

### Civil Right Fight

The conventioners at that moment were confronted with a yes and no but maybe plank on civil rights which had been whomped up by a resolutions committee eager to avoid the issue and a fight. Humphrey challenged from the floor, proposed and won adoption of a plank which produced a bolt of Southern Democrats who formed a state's right party which nominated South Carolina's J. Strom Thurmond for president. Thurmond won 39 electoral votes.

Harry S. Truman was elected, however, without a solid South and Humphrey was convinced he and his plank had brought about the dawn of a new political day.

The senator had a hand in making the 1952 civil rights prescription a bit harder for the South to swallow than his brew of 1948. But the new plank did not hold the North and East for the Democrats although it again chipped away Southern support.

Humphrey has devoted considerable time, thought and effort in the past four years to squaring himself with Senate Democrats. He could not hope to square himself wholly with the extreme conservatives, but he did what he could. He latched on to Adlai E. Stevenson, the moderate candidate for the Democratic presidential nomination. He opposes Gov. Averell Harriman of New York, who is standing fast in 1956 about where Humphrey stood in 1948-52.

The senator did not pull out of Americans for Democratic Action, (ADA) the fighting New Deal-Fair Deal splinter group which would teach the Democratic party to fly on its left wing. Humphrey had no part of ADA's public rebuke of Sen. Lyndon B. Johnson, Texas, and Speaker Sam Rayburn, Texas, for what the left regarded as reactionary policies. The senator has made a lot of character with most of his Democratic colleagues in the Senate. They like and admire him.

Similar situations exist for pupils from Penfield and Belairdeville. These children will be split among Maple Shade, George Clymer, and Lafayette.

Because of the crowded conditions school officials were forced to juggle attendance at various schools. As a result the 284 children from the Indian Creek section of Levittown are split among three schools.

The bulk of the children from this section, 228 pupils in grades two to six, will attend Lafayette. But the 56 first grade children will be divided between William Penn, an Edgely, and the Community building at Bristol Terrace.

He explained that the average class will have 33 pupils as compared to 30 last year. There will be at least one class with 41 pupils in the Maple Shade school, according to an enrollment and classroom schedule presented to the school board last night.

But Walter D. Miller, superintendent of schools, said they were delighted that the industry is coming. They disclosed that representatives of the wheel firm consulted them three weeks ago on the tax structure, school situation and availability of manpower in Falls Township.

He looked for year

They said they were informed the company has scouted the area for a year, making inquiries all over Lower Bucks County and in nearby New Jersey areas.

Robert Erwin, township building officer, was appointed by the supervisors as industrial coordinator, to assist the firm in problems it might have in locating and building here.
